**ILLUME DUO RAIL**

**60**  
kg p/m

**5**  
YEAR  
WARRANTY

A minimalist rail system that combines hanging and lighting in one elegant line, safe, flexible, and fully integrated into the architecture of the space. Illume Duo Rail pairs Artiteq aesthetics with advanced 48V lighting technology. The result is a system that is not only functional, but also radiates the calm, balance, and precision that define high-end interior architecture. With a maximum load capacity of 60 kg per meter, the rail also provides the strength and security to effortlessly support even the most demanding art presentations.

The full range is available in two popular colors: matte black and fresh matte white. The rail, the luminaires, and the connectors are all supplied in these colors. For the modern, trend-conscious user, a Bronze (dark brown) luminaire is also available, an additional option for a modern, stylish interior.
